PREVIEWS FROM THE EDITOR

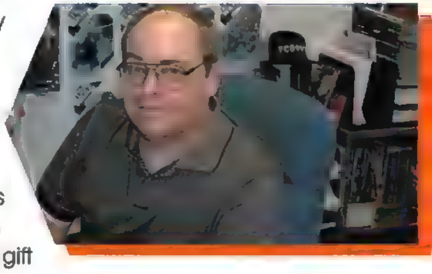
WITHER HALLOWEEN?

Here we are, eight long months into the Covid-19 pandemic, and it's October (as you're reading this). Halloween looms at the end of the month, this year thankfully falling on a Saturday. Nothing is worse than Halloween falling on a weeknight, amiright?! As things stand now (at the beginning of September as I write this), things are still dicey and folks are still being urged to socially distance and wear masks.

Halloween seems to be THE holiday made for a pandemic. Masks? Check! Social Distancing? If you mean walking in small groups outdoors, then Check! There's still the contact of open doors and touching candy, but the experts say the chances of contracting the Covid from objects or surfaces is negligible.

Halloween is my favorite holiday… and I'd hate to see it wither away. Hopefully this year, despite the current state of things, people can get out and safely enjoy the holiday.

And speaking of the holidays, we're soliciting items scheduled to be on sale in December this year, and that means gift-giving! Hanukkah (12/10 – 12/18) and Christmas (12/25) are just around the corner, so it makes sense that we should once again focus this month's issue on *Gift Ideas*! Let's face it, every issue of ***PREVIEWS*** is basically like a monthly version of the old Sears Christmas Catalog — gift ideas from cover to cover — and there's nothing better than finding that perfect gift for the fan who has everything!



This November, look for our ***PREVIEWS* Holiday Gift Guide Catalog** at your local comics shop, filled with all the latest and greatest in Graphic Novels, Games, Toys, and other can't-miss gift items! But until then, this issue of ***PREVIEWS*** should serve as your springboard to gift-giving. You can start your search on page 200 of this issue, where our product specialists have gathered a small sampling of some great giftable graphic novels and books!

That's all for this month, dear readers. Have a Happy Halloween!

Until next month…

Your Pal @ ***PREVIEWS***,

Marty

Top Lots Net Six Figures in Prop Store Entertainment Auction

Prop Store's Entertainment Memorabilia Auction was filled with extraordinary costume pieces and props from some of Hollywood's biggest blockbusters. Maverick's helmet from *Top Gun* took the top spot at $260,000, followed by the Darth Vader promotional costume from *A New Hope* for $230,000. The Raven Bar & Well of Souls Staff of Ra headpiece from *Raiders of the Lost Ark* and a Stormtrooper helmet from *A New Hope* each cleared $110,000.

Other top sales were the Xenomorph queen miniature puppet from *Aliens* for $85,000, Duros Cantina alien mask from *A New Hope* for $80,000, Josey Wales' screen-matched Hero Colt from *The Outlaw Josey Wales* for $72,500, and the game board from *Jumanji* for $70,000.

The Origins of Gambit

As a thief and a hero, the kinetically charged Gambit has had a wild ride in comics. Before becoming Gambit, he was Remy Etienne LeBeau, a baby kidnapped from a New Orleans hospital by the Thieves' Guild, then given to the Antiquary as a tribute. The Antiquary, who called him the White Devil, was convinced that he could unite the Thieves and Assassins Guilds.

While still a child, Remy started running with Fagan's Mob, a group of street thieves. Living on the streets, Remy picked the pocket of Thieves' Guild leader Jean-Luc LeBeau, who then adopted the boy into his family.

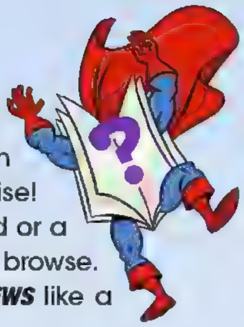
USER'S GUIDE

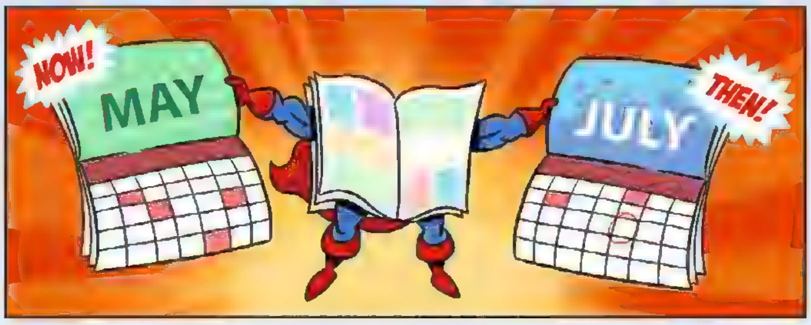
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!



WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

October 2020 | Edited By: **Allyn Gibson** | editor@PREVIEWSworld.com

AGAINST AN ARMY OF SYMBIOTES AND THEIR *KING IN BLACK*, WHAT HOPE DO EARTH'S HEROES HAVE?

Earth faces its darkest hour as the symbiote god Knull and his hellish army arrive to claim their newest conquest as Donny Cates and Ryan Stegman's *Venom* saga continues in Marvel Comics' *King in Black* this December!

Freed from his ancient prison by the actions of Carnage, Knull has set his sights on Earth, ripe for conquest and subjugation. Despite the warnings of Eddie Brock – Venom – Earth's heroes are complacent and overconfident; they have battled Venom, Carnage, and other symbiotes many times in the past, and their over-confidence leaves them ill-prepared to meet the threat Knull and his minions pose. The Avengers, X-Men, and all of Earth's heroes will experience setback and defeat as they battle Knull's army of unstoppable symbiotic dragons!

Donny Cates and Ryan Stegman's *Venom* saga reaches a climax in the *King in Black* event series. Building over the past two years through *Venom* and *Absolute Carnage*, *King in Black* will touch every Marvel hero in a desperate battle against Knull and his symbiotes. Cates says of the series: "As far as event books go, this is the coolest, darkest, most heavy metal, Cthulhu dark horror thing I've ever been able to do. I still can't believe that Marvel is letting us go as dark and scary as we're going."

Beginning in December, Cates and Stegman's *King in Black* sees Earth's heroes engaged in one of their most significant battles, one no Marvel fan can afford to miss!

BESTSELLING BLADE RUNNER SERIES RETURNS FOR A NEW ERA WITH THE ORIGINAL CREATIVE TEAM!

COVER D BY JOHN WICK ARTIST GIOVANNI VALETTA

LOS ANGELES: 2029, ex-Blade Runner Ash continues to hunt the streets of this rain-soaked dystopian city for renegade Replicants, but this time she's trying to protect as many as she can find!

Written by MICHAEL GREEN (Blade Runner 2049) and co-writer MIKE JOHNSON (Supergirl) with artwork by ANDRES GUINALDO (Justice League Dark). We spoke to series editor David Leach to discover what we can expect from this new series...

COVER A BY SUPERSTAR ARTIST PEACH MOMOKO

DAVID LEACH

With the announcement that the Blade Runner comic will continue in the new series Blade Runner 2029, what has been your reaction to the high success and praise that the Blade Runner series has experienced?

In a word, relieved! As an editor, you work so closely on a project that after a while you can't see the wood for the trees. You lose perspective, it goes through so many stages in its development that you worry that no one else will like it. So the reaction both critically and from the fan base was such a wonderful experience.

What was your first encounter with the world of Blade Runner?

I can remember it vividly. I saw Blade Runner at a special sneak preview, run by Starburst magazine, in 1982. When the lights went down and the Alan Ladd logo came up, I got chills. I was in awe. I stumbled out of the film 2 hours later into a new world.

What would you say has been your favorite thing about editing this comic series?

It's the production of the comic that I love the most. Seeing each issue come together, from script to layouts, pencils, inks, colors and lettering, it's all wonderful.

How do you think the main character Ash has developed since we met her in the first series?

She's becoming more human, which, I think is fascinating. The initial idea of this human killing machine learning humility and humanity from an artificial organic machine is amazing.

What can you tell us about any new Blade Runnner series that Titan Comics has in the works?

We're currently working on a new Blade Runner comic series set in the world of Blade Runner 2009, so ten years before the events of the first comic arc. This is still the world of Blade Runner, but it's a world where the Replicant and Blade Runner technology is still in its infancy. That said, it's still very much set in the world of Blade Runner and features an all-new hero who's called into investigate an apparent suicide.

CRIME & MYSTERY, THRILLER | HARDCOVER

Sex, drugs, and murder in 1980s Los Angeles, and the best new twist on paperback pulp heroes since ***The Punisher*** or ***Jack Reacher***.

ED BRUBAKER and **SEAN PHILLIPS**, the modern masters of crime noir, bring us the last thing anyone expected from them—a good guy. A bold new series of original graphic novels, with three books releasing over the next year, each a full-length story that stands on its own.

Meet Ethan Reckless: Your trouble is his business, for the right price. But when a fugitive from his radical student days reaches out for help, Ethan must face the only thing he fears...his own past.

"Oh man this book pushed EVERY crime fiction button for me. Working class setting covering up for a deeper societal rot, a battered, damaged (literally) protagonist against the beast, and all of it squirming and lunging through an over-lit early '80s L.A. Noir bleached to bleakness. Bliss." —*Patton Oswalt*

Look for Book Two in the **RECKLESS** series in April 2021!

In the tradition of characters like *Parker* or *Jack Reacher*, **RECKLESS** is an ongoing series of standalone original graphic novels—each starring the same lead, but telling a complete story on its own—perfect for fans of **PULP** and **KILL OR BE KILLED**.

A drug called Bliss has taken over the streets of Feral City, erasing the memories people are too upset to face. But where do those memories go?

Down the river sits the Goddess Lethe, drinking the memories of the addicted and providing them their drug. She needs an enforcer, though, and that's where a father with an ailing son has made a devil's bargain: protect the drugs to ensure your son's life. It's a bargain he will have to live with and his son will have to defend.

As nations fall into chaos, those women still awake take desperate measures to stay that way, and men everywhere begin to give in to their darkest impulses.

Meanwhile, in the small town of Dooling, a mysterious woman has walked out of the woods; she calls herself Eve and leaves a trail of carnage in her wake. Strangest of all, she's the only woman who can wake up.

DAN ABNETT & COMPANY DISCUSS THE CHALLENGE OF ONE OF DYNAMITE'S BIGGEST CROSSOVERS EVER!

Dan, you've done these kinds of interweaving crossovers before in your career, such as when you were head honcho of the acclaimed revival of Marvel's cosmic franchises. Or further back with the Legion of Super-Heroes or even Marvel UK. How do you manage all these spinning plates? And then can you expand on the premise of this specific project a bit?

Abnett: With anything like this, there are obvious logistical problems to overcome - such as maintaining visual continuity between artists (or writers, but that's not an issue with this one), keeping all the plates spinning, keeping things meshed, etc. But overall, they are immense fun to create, and - I hope - to read. Crossing series gives you extra real estate to explore, and bigger world-building to do, plus there is the story scope of the longer form and the delight in seeing unexpected encounters between characters.

This one will be an absolute blast. For a start, we take two icons - Vampirella and Red Sonja - and plunge them into a story together. Now, Dynamite has mixed them up before, very successfully, but it's always a challenge to make it work - they are very different characters, from very different "worlds," usually found in very different story types. This takes them both out of their home territories and their comfort zones - literally - and makes them outsiders in an entirely different world. The extra secret ingredient is Project Superpowers, Dynamite's wonderful, classic, and underused stable of costumed heroes.

The hook is simply - what if Vampirella and Red Sonja were recruited to a superhero team, and had to deal with superheroes? How would they fit (quick answer - they wouldn't), and how badly wrong could it all go wrong? This is high concept, pan-cosmic superheroes (developing, along the way, some great concepts and some really appealing Project heroes) with two quite savage and dangerous characters tied up in the heart of it. It's going to be fun, it's going to be different, it's going to be a head-on genre clash… and it's going to turn into an epic story.

To clarify for all the fans, another series starring Red Sonja will be following this next month and the two will be connected and build to even more [more news coming soon!]. How are you writing these to work in parallel?

Abnett: They are their own stories, entirely separate, but linked by common ideas and a common framework (The Project). The fun in both of them is exploring iconic characters in very unfamiliar circumstances. There's a drama and adventure, but also quite a lot of humour and culture clash. And as the two series develop, they start to link up more and more. I'm literally writing them side by side, trying to keep them consistent, trying to ensure each series has its own, satisfying story - so each can be read and enjoyed on its own, but reading both will definitely amplify the fun. And I'm trying to keep the "essence" of each character's strip and "voice" intact, so the Vampirella series has a very "Vampi" feel, and the Red Sonja series maintains a true taste of Hyborian adventure.

Vampirella has been many things, but she's rarely presented in a traditional superheroic lens. Without spoiling the developments of the series, what's your take on how she does and does not fit the bill?

Abnett: It actually applies to both of them - Vampi and Red both qualify as heroes: they have the abilities and courage and determination. The problems (and fun) arise because they are both outsiders. They are not team players, they are not orthodox. They do not play well with "clean-cut" superheroes, because they have their own - quite-brutal, quite-savage - codes. They do things that costumed heroes would not. That's where the joy of these stories begins. It's not a joke story or a dream… we're trying to explore the idea that - if this really happened - what would it be like? Genuinely, how would it work? Can these disparate genres mash-up and remain authentic? Quick answer - they really can, so join us and find out!

Paul, you're tasked on this series with drawing a wide range of characters and a ton of action. Even with all that, is Vampi your favorite to draw?

Davidson: Vampirella obviously! I've been a Frank Frazetta fan from being a boy. His 1969 painting of her blew my mind when I first saw it in the 80's and drawing Vampirella has always been on my bucket listI t's a thrill to be drawing comic book royalty. I'm all set for the party, and ready to dance with these lovely ladies :)

Hassan, many Dynamite fans should know your work as one of the best letterers in the biz on Red Sonja, As you're lettering both titles for this project, can you speak to developing a shared look and how they may differ?

Ostmane-Elhaou: Like Dan said, they do operate in completely different worlds, and so much of a letterer's job is marrying style to artwork, so the plan is to have these feel like distinct titles and worlds, but with a few unifying features through the lettering. Ultimately they're going to look and feel different, but be connected by story, so the lettering should try and balance that same thing, too, without wiping out any character between the two. I think of something like Red Sonja and Killing Red Sonja, which were totally different art styles, and so demanded different lettering styles, too. But there are things that unify the series in the caption approach, and the way location titles are handled as objects in the space. I hope that there's still enough between those two very distinct series and styles that brings them together as one, so my intention is to think of this in a not-dissimilar way.

HYRKANIAN HALL OF FAMERS LUKE LIEBERMAN & WALTER GEOVANI DISCUSS THE PRICE OF BLOOD

This series starts with Red Sonja in a dungeon and awaiting execution or expiration. Of course, some silly prison bars can't keep our heroine down, so how did she get in this predicament and where does this latest journey evolve from there?

Lieberman: This takes place in the months after Birth of a She-Devil [collected in paperback now], which was brutal, so Sonja starts the story looking to cut loose, have some fun and drown all the horror she has witnessed in ale and flesh. She and her friend Elli go to Aquilonia to attend the Festival of Fire, the biggest party in the Hyborean world. The soul of the festival is that it is a celebration of the god Mitra, partaken in by those who believe that Mitra wants them to enjoy the fruits of life - to love, to dance, to make merry.

Just as Sonja is thinking that maybe this horrible world is not so bad after all, of course, local forces come in to drench the festival in blood. They have a very different, much more severe view of Mitra. Needless, Sonja does not take this well.

Despite the dire opening of this series, it's also about a big festival and features some fun partying. Is it important to you to show Sonja in these varied scenarios?

Lieberman: The goal is to continue to explore Sonja in her younger years. She has had a really rough road, and it has made her very jaded, so she is searching for the brighter side of life. That is why she is so angry when this moment of happiness and innocence is stolen from her.

Walter Geovani is without a doubt one of the Hyrkanian all-stars, with contributions to the original Dynamite Red Sonja series, the fan-favorite relaunch with his frequent collaborator Gail Simone, and more. What's it like working with someone who is such a master and natural in this genre?

Lieberman: Fun and easy. It is all shorthand, there is nothing about the character or world to explain to Walter - rather he enriches the story with his pen. He has such a lock on how Sonja would look and feel in any situation, that he can manifest the story vividly.

Red Sonja has had a fantastic stretch recently, with the unique present setting and jokes of the Amy Chu and Carlos Gomez run, the political opus of Mark Russell and company, the brutal horror action of her crossover with Chaos, your aforementioned Birth series, and more. What's your gauge been on these dominoes of success and where can you see Sonja going forward?

Lieberman: She is such a dynamic person that the stories are endless. The goal with Sonja, as with any good storytelling is to do something different than everything that has come before, while staying true to her roots. That is always the balance - between honoring to the history and being open to the future.

Walter, as noted you've drawn Red Sonja more than many other artists. Though you've drawn other subject matter like your recent Death-Defying Devilreunion with Gail Simone [also collected in paperback now], what is it like returning to the Hyborean Age?

Geovani: It´s great to be back! I´m always happy and honored to draw such an iconic character. Sonja is a badass, cutting heads off, but she also has an emotional side. Even drawing Sonja for many years, it doesn´t get easier, but I´m having a lot of fun! Thanks to Luke and Joe [Rybandt, editor] for letting me be part of this project.

ROBERT E. HOWARD'S CONAN IS BROUGHT TO LIFE UNCENSORED! Discover the true Conan, **unrestrained, violent, and sexual.** Read the story as he intended!

The only survivor of a ferocious battle, Conan sits in the midst of a bloodstained snow field. When the fight is over, the Cimmerian suddenly finds himself overcome with deep weariness and disgust. Until the moment he meets a redheaded woman of supernatural beauty, blinding like the glow of the sun on the snow. Moved by a burning desire, Conan decides to follow her but finds himself caught in a trap, attacked by two titans. WRITER: **AURÉLIEN DUCOUDRAY** | ARTIST: **JOCELYN JORET**

These KIDZ are foul mouthed, raising hell and doing battle with the living dead!

It's been three months since a terrible epidemic turned the population into zombies hungry for fresh meat. Only after devouring almost all of humanity, the undead themselves begin to wither and fall from famine... Somewhere in a suburban town, Ben, 10 years old and still traumatized by the death of his parents, forms with his friends the last bastion of humanity. And between hunting zombie survivors, expeditions to amass food, toys and comics—all filmed by the aptly named Spielberg—life flows rather peacefully in their world.

Until something worse than a nuclear disaster or the 4 flashing red rings of death on an Xbox 360 hits their small community: two girls! Accustomed to chilling by the pool, eating chocolate bars and playing video games... how will the boys react to Polly's bizarre new customs and little sister Sue?

The collected edition of KIDZ includes a bonus section with cover art and sketchbook section along other behind-the-scenes info and material!

Jaka's Story, the fifth volume of the *Cerebus* series, represents a point of departure for the series, focusing as it does on a small cast of characters, living out their lives in orbital, Thoreau-like "quiet desperation", drawn ever inward, until at last, they inevitably collide. (W/A) Tim Fielder

King AjA Oba and Queen Lewa are revered across the African continent for their impressive political and military skills. Yet the future of their kingdom is in jeopardy, for the royal couple do not have an heir of their own. When the King kidnaps his son born to a concubine, Obinrin, she curses AjA with the "gift" of immortality. After enjoying long, wonderful lives both, Queen Lewa and the crown prince die naturally, leaving the ageless bereaved King AjA heartbroken and alone. For decades, the immortal AjA wanders the world, mourning his lost subjects and searching for a new kingdom. His journey leads him across time, allowing him to witness the trans-Atlantic slave trade, the New World, the American Civil Rights Movement, first contact with an alien species, and conflicts within the known universe. Thrust into these seminal events, AjA, now known by many as "John," faces harrowing decisions that will determine mankind's physical and spiritual trajectory. (STL169169) (C: 0-1-0)

American Mythology Productions is plunging into the darkness... And we're taking you with us! American Mythology Monsters is our first foray into full-tilt fright, an all-new, black and white anthology title featuring modern takes on some of the horror world's most classic creations. Meet the hideous creature called "Quinn," an assemblage of sickening parts that together form a nightmarish creature who wants nothing more than to rip you to shreds! Beware the curse of "Safiya," rising from the unearthed corpse of an ancient Egyptian mummy and bent on the destruction of a scientific facility and the possession of its human inhabitants! And howl with a university professor whose brief sexual encounter with a mysterious woman has left him with "The Bite," and the horrifying curse of the werewolf! It's serialized horror in the classic tradition, in three tales that will haunt your dreams, but only for mature readers.

You're fifteen years old. You're suddenly granted incredible powers. Cool, right? There's only one problem: you can only use your powers for ten minutes at a time. What do you do when you have to save the world but you only have ten minutes to do it? This is the problem faced by Oliver Leif, a teenager who has just moved to a new town, and a new school, and is having a hard enough time navigating classes and his crush before the inter-dimensional monsters started showing up.

Ethan Sacks	**Dalibor Talajić**	**Lee Loughridge**	**Dalibor Talajić**

A 144-page graphic novel chronicling ten personal accounts of life and death from the frontlines of COVID-19. These true stories from journalist Ethan Sacks (*Old Man Hawkeye*) are brought to vivid life by Dalibor Talajic (*Deadpool Kills the Marvel Universe*, *Hotell*). Originally distributed online by *NBC News*, these tales of hope amidst devastation are now available in print for the first time, fully colored, with behind-the-scenes features. From a man stuck in Wuhan during the initial days of the outbreak, to an ICU nurse in the thick of one of the busiest hospitals in the country, to an Italian opera singer who goes viral while trying to bring hope to his devastated neighborhood, this series takes you where news cameras couldn't go.

YEAR ZERO VOL. 2 #2

Written by	Illustrated by	Colored by	Cover by
Benjamin Percy	**Juan Jose Ryp**	**Frank Martin**	**Kaare Andrews**

Upshot's hit series *Year Zero* returns with four new harrowing tales of survival from around a post apocalyptic world, set several months after the events in Volume One: A grizzled Norwegian sea captain and her two young grandchildren navigate an ocean teeming with undead while eluding the relentless pirates on their trail. A Colombian cartel boss indulges all of his most sadistic whims unaware that a threat far greater than zombies is headed toward his jungle fortress. A Rwandan doctor must overcome the crippling fear that has plagued him all his life as he stumbles through the African bush. And a pregnant woman barricaded in an American big box store discovers that the greatest threat to her life—and her unborn child's—might not be undead. Benjamin Percy (*Wolverine*, *X-Force*) once again pens this global look at the zombie apocalypse, now joined by artist Juan Jose Ryp (*Britannia*) and colorist Frank Martin (*Infinity Wars*).

War is over, democracy an illusion, real power now lies not with nation-states, but huge corporations engaged in a silent war for global domination. Their number one weapon: highly-skilled, technologically-enhanced operatives trained since childhood to pledge their allegiance to the corporate flag. But what happens when one such operative breaks free of his mental chains and decides to bring the whole system down? Can one "Ronin" make a difference?

For two generations, the rural hill town of Grendel, Kentucky has honored its Faustian bargain with the monster living in its abandoned coal mine: a human sacrifice every season in return for agrarian prosperity the likes of which this rocky region had never before seen (including its greatest cash crop: the dankest weed in the land). When one town elder breaks this pact, Grendel's only hope is that its prodigal daughter will return home to face down the creature of her nightmares—and bring her all-female biker gang with her. In this concluding issue, Marnie finally enters the mine that haunted her as a child.

The Sky is Blue with a Single Cloud collects the best short stories from Kuniko Tsurita's remarkable career. While the works of her male peers in literary manga are widely reprinted, this formally ambitious and poetic female voice is like none other currently available to an English readership. A master of the comics form, expert pacing and compositions combined with bold characters are signature qualities of Tsurita's work. (STL153630)

DEPARTMENT OF MIND-BLOWING THEORIES
Science Cartoons by Tom Gauld

DEPARTMENT OF MIND-BLOWING THEORIES TP

(W/A/CA) Tom Gauld

A dog philosopher questions what it really means to be a "good boy" while playing fetch! A virtual assistant and a robot-cleaner elope! The undiscovered species and the theoretical particle face existential despair! Facebook commenters debunk Darwin's posting of *On the Origin of Species!* Science vs science fiction! Why are there poodles pouring out of this wormhole? Gauld's *Department of Mind-Blowing Theories* presents one hundred and fifty comic strips topical and funny enough to engage any layperson with a rudimentary recall of their old science classes as well as those who consider themselves boffins of the contemporary physical and natural world. LITTLE LULU HC'S

(W/A/CA) John Stanley

Lulu Moppet is an outspoken and brazen young girl who doesn't follow any rules, whether they've been set by her parents, the neighborhood boys, or society itself. 2019 Lulu engages in suburban hijinks: she goes on picnics, babysits, and attempts to break into the boys' clubhouse again and again. Cartoonist John Stanley's expert timing and constant gags made these stories unbelievably enjoyable, ensuring that Marge's *Little Lulu* was a defining comic of the post-war period. Lulu's assertiveness, individuality, and creativity is empowering to witness; the series is powerfully feminist despite the decades in which the stories were created. (STL119879)

THE SWAMP HC

(W/A/CA) Yoshiharu Tsuge

The Swamp is the first in a series of books by Yoshiharu Tsuge, one of the most influential and acclaimed practitioners of literary comics in Japan. Bucking the tradition of mystery and adventure stories, Tsuge's fiction focused on the lives of the citizens of Japan. These mesmerizing comics, like those of his contemporary Yoshihiro Tatsumi, reveal a gritty, at times desperate post-war Japan, while displaying Tsuge's unique sense of humor and point of view. By Noah Van Sciver

$14.99 / SC / 92 pgs / FC / 5" × 7"

In this collection of one-page strips, Noah Van Sciver mines life's quotidian moments and his own subconscious posing questions like: When do you know you're too old to trick-or-treat? BARNABY VOL. 4

By Crockett Johnson;
Foreword by Trina Robbins

$49.99 / HC / 388 pgs
BW with some color / 10.5" × 6.75"

Volume Four collects the post-WWII years, continuing five-year-old Barnaby Baxter and his Fairy Godfather's misadventures. In its combination of sly wit, a child's feeling of wonder and a keen eye for the ridiculous, *Barnaby* expanded our sense of what comics can do. The magic of *Barnaby* resides in its mix of fantasy and satire, amplified by the elegance of Crockett Johnson's clean, spare art. Designed by Daniel Clowes, this volume features a foreword by cartoonist Trina Robbins, and essays by comics historian Jared Gardner and Johnson biographer Philip Nel.

Lunatic
A WORDLESS STORY BY DAN MAZUR

LUNATIC GN

(W/A/CA) Dan Mazur

Lunatic is an unusual and striking graphic novel in the tradition of wordless books by the likes of Frans Masereel, Lynd Ward and William Gropper. The word "lunatic" derives from Latin, meaning "of the moon" or "moonstruck," and in this sense it describes the protagonist of this story: from infancy she develops a magical, almost intimate relationship with the moon itself, a celestial being who acts as her friend, lover, mentor. Our heroine is a dreamer, an outsider, never feeling like she quite belongs to this world. We follow her through the stages of life, infancy, childhood, youth and adulthood, at each point guided by the moon toward a fateful journey and an unexpected destiny. Part fable, part classic adventure in the tradition of Jules Verne, H. G. Wells and Méliès, the tale is told in nearly 200 full-page, wordless images in a variety of media from pencil, pen and ink, ink wash and paint that lovingly evoke the artistic styles of its period setting, and classic illustrators from Charles Dana Gibson and Toulouse Lautrec to Edward Gorey. FLOATING WORLD COMICS

FORBIDDEN SURGERIES OF THE HIDEOUS DR. DIVINUS
written & illustrated by
S. CRAIG ZAHLER

FORBIDDEN SURGERIES OF THE HIDEOUS DR. DIVINUS GN

(W/A) S Craig Zahler

After three startling, award-winning movies that have played around the world and been added to the permanent collection of the Museum of Modern Art, S. Craig Zahler wanted to return to his first artistic passion — illustration. He committed himself to writing, drawing, inking, and lettering his graphic novel debut, a full-length work of noir horror. Homeless people are disappearing in New Bastion, and occasionally, a dismantled corpse turns up in a dumpster. These crimes are left alone, until the day a comatose woman named Lillian Driscoll is kidnapped from the hospital. Her brothers — a grumpy detective named Leo and a slick mobster named Tommy — seek answers that lead them to darkness, arcane medicine, and pain. NUKE 'EM: CLASSIC COLD WAR COMICS CELEBRATING THE END OF THE WORLD HC

Back in the 1950s, during the Cold War, every day beckoned with the possibility of the end of the world. Kids grew up in the shadow of bomb shelters and were treated to daily lessons at school on what to do in the event of a nuclear attack. Americans were besieged by constant reminders to be ever vigilant in preparing to combat the "red" menace of communism. Comic books of this era played on these fears with stories of atomic war and World War III. This volume reprints the complete runs of *Atomic War!* (#1-4, November, 1952-April, 1953) and *World War III* (#1-2, March, 1952 and May, 1953) and can be read merely as great action/adventure stories, classic "war" comics or as an eerie, unanticipated commentary on today's tribulations. THE DISNEY BROS.: THE FABULOUS STORY OF WALT AND ROY GN

(W) Alex Nikolavitch (A) Felix Ruix

After the bankruptcy of his first two companies, the young Walt Disney decides to call on his older brother Roy to start a new business: the Disney Brothers Cartoon Studios. The combination of their op-posing talents, one artistic, the other managerial, will give birth to an entertainment giant despite the dif-ficult nature of Walt. Little by little, Walt will push his brother into the shadows and sink into chronic depression and excessive consumption of alcohol... but all this will not prevent him from producing the greatest masterpieces of animation. The authors have chosen a cartoon style, worthy of Mickey Mouse comics, to tell a very serious story of creation, money and politics, and of family. (STL169185) (C: 0-1-0)

EQUINOXES HC

(W/A/CA) Cyril Pedrosa

In an equinox, day is as long as night, as if the world found perfect equilibrium between shadow and light, a fleeting equilibrium, similar to the stakes of our human destinies. Segmented into four tableaux for four seasons, unrelated people of all social backgrounds seeking equilibrium cross paths with other solitudes, weaving in and out of one and other's lives, all captivated and tormented by the enigmatic meaning of life. Every season has its visual identity and its individual voice, culminating in summer and, possibly, an answer. (STL012510)

Abel returns to England with the *Explorer* and finds accommodation at the inn run by the fugitive captain's three daughters. Well before he can recover his memory, however, he will discover something deeply disturbing about himself, and he will understand the true nature of some of the people who helped him. Comics artist Simon Muchat is stuck. Suffering writer's block, uninspired, vegetating as a school art teacher, he is losing direction and his taste for life, until one day he is invited to appear at a comics convention in Portugal, the country his family came from and which he hadn't seen since his childhood. The experience proves cathartic. Even though he is not Portuguese himself and is a foreigner there, so many elements are familiar to him. Meeting its lively citizens, full of the zest for life, his distant yet welcoming family bringing back fond early memories, all prove reinvigorating, the breath of fresh air he so badly needed. Three years ago, Ash's mom, Kristin, left home and never came back. Now, Ash lives in the house where Kristin grew up. All of her things are there, including the shed where she spent her childhood creating a fantasy world called Koretris, a haven for girls, with no men or boys allowed. When Ash's friends decide to try going to Koretris using one of Kristin's spell books, Ash doesn't think anything will happen. But the spell works, and Ash discovers that the world Kristin created is actually a real place...with very real danger.

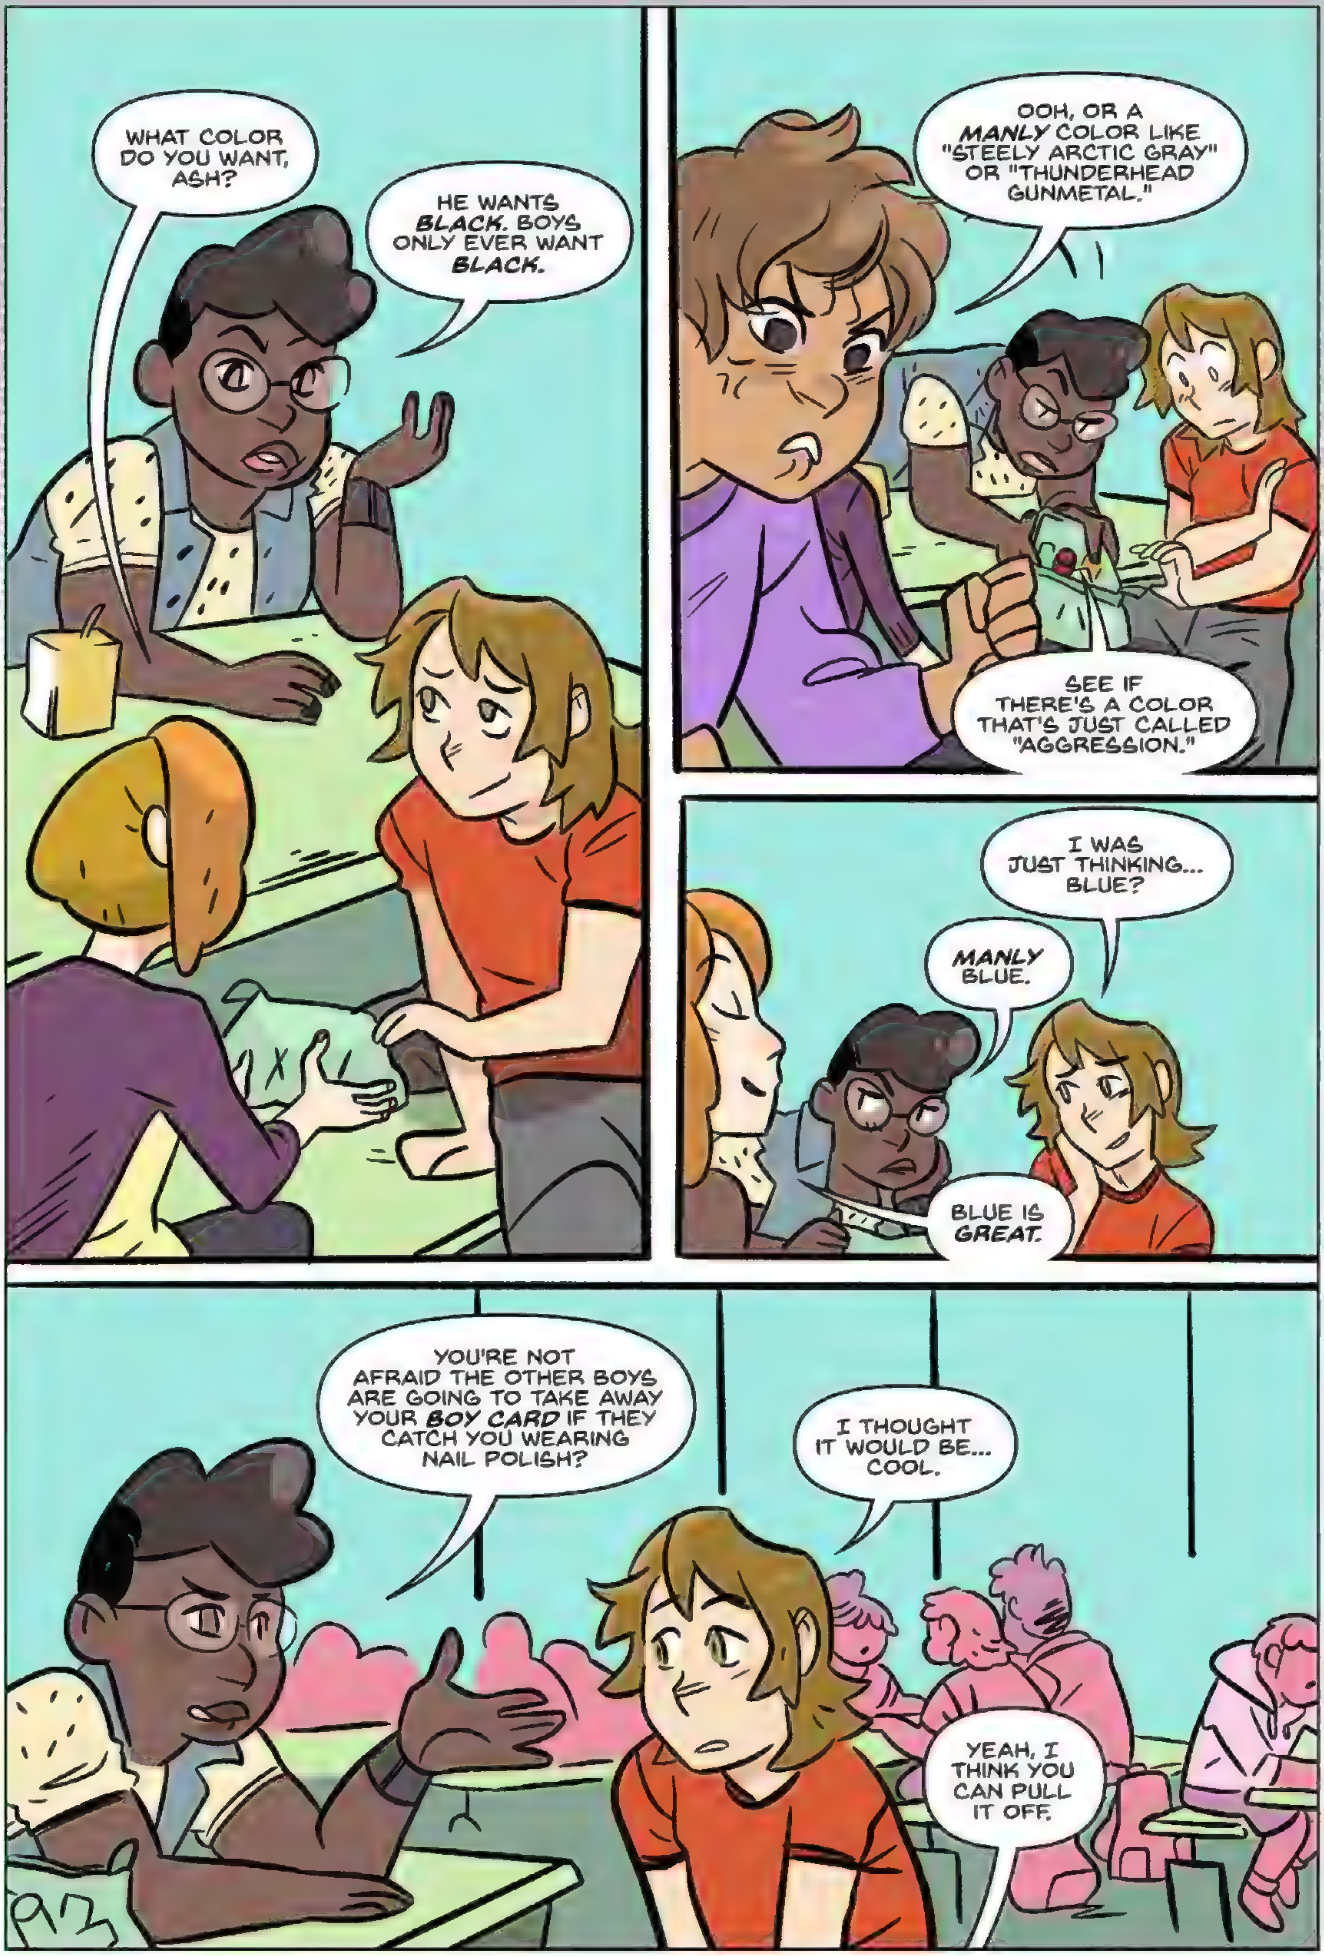
But if Koretris is real, why is Ash there? Everyone has always called Ash a boy. Ash uses he/him pronouns. Shouldn't the spell have kept Ash out? And what does it mean if it let Ash in?

FROM THE CREATORS

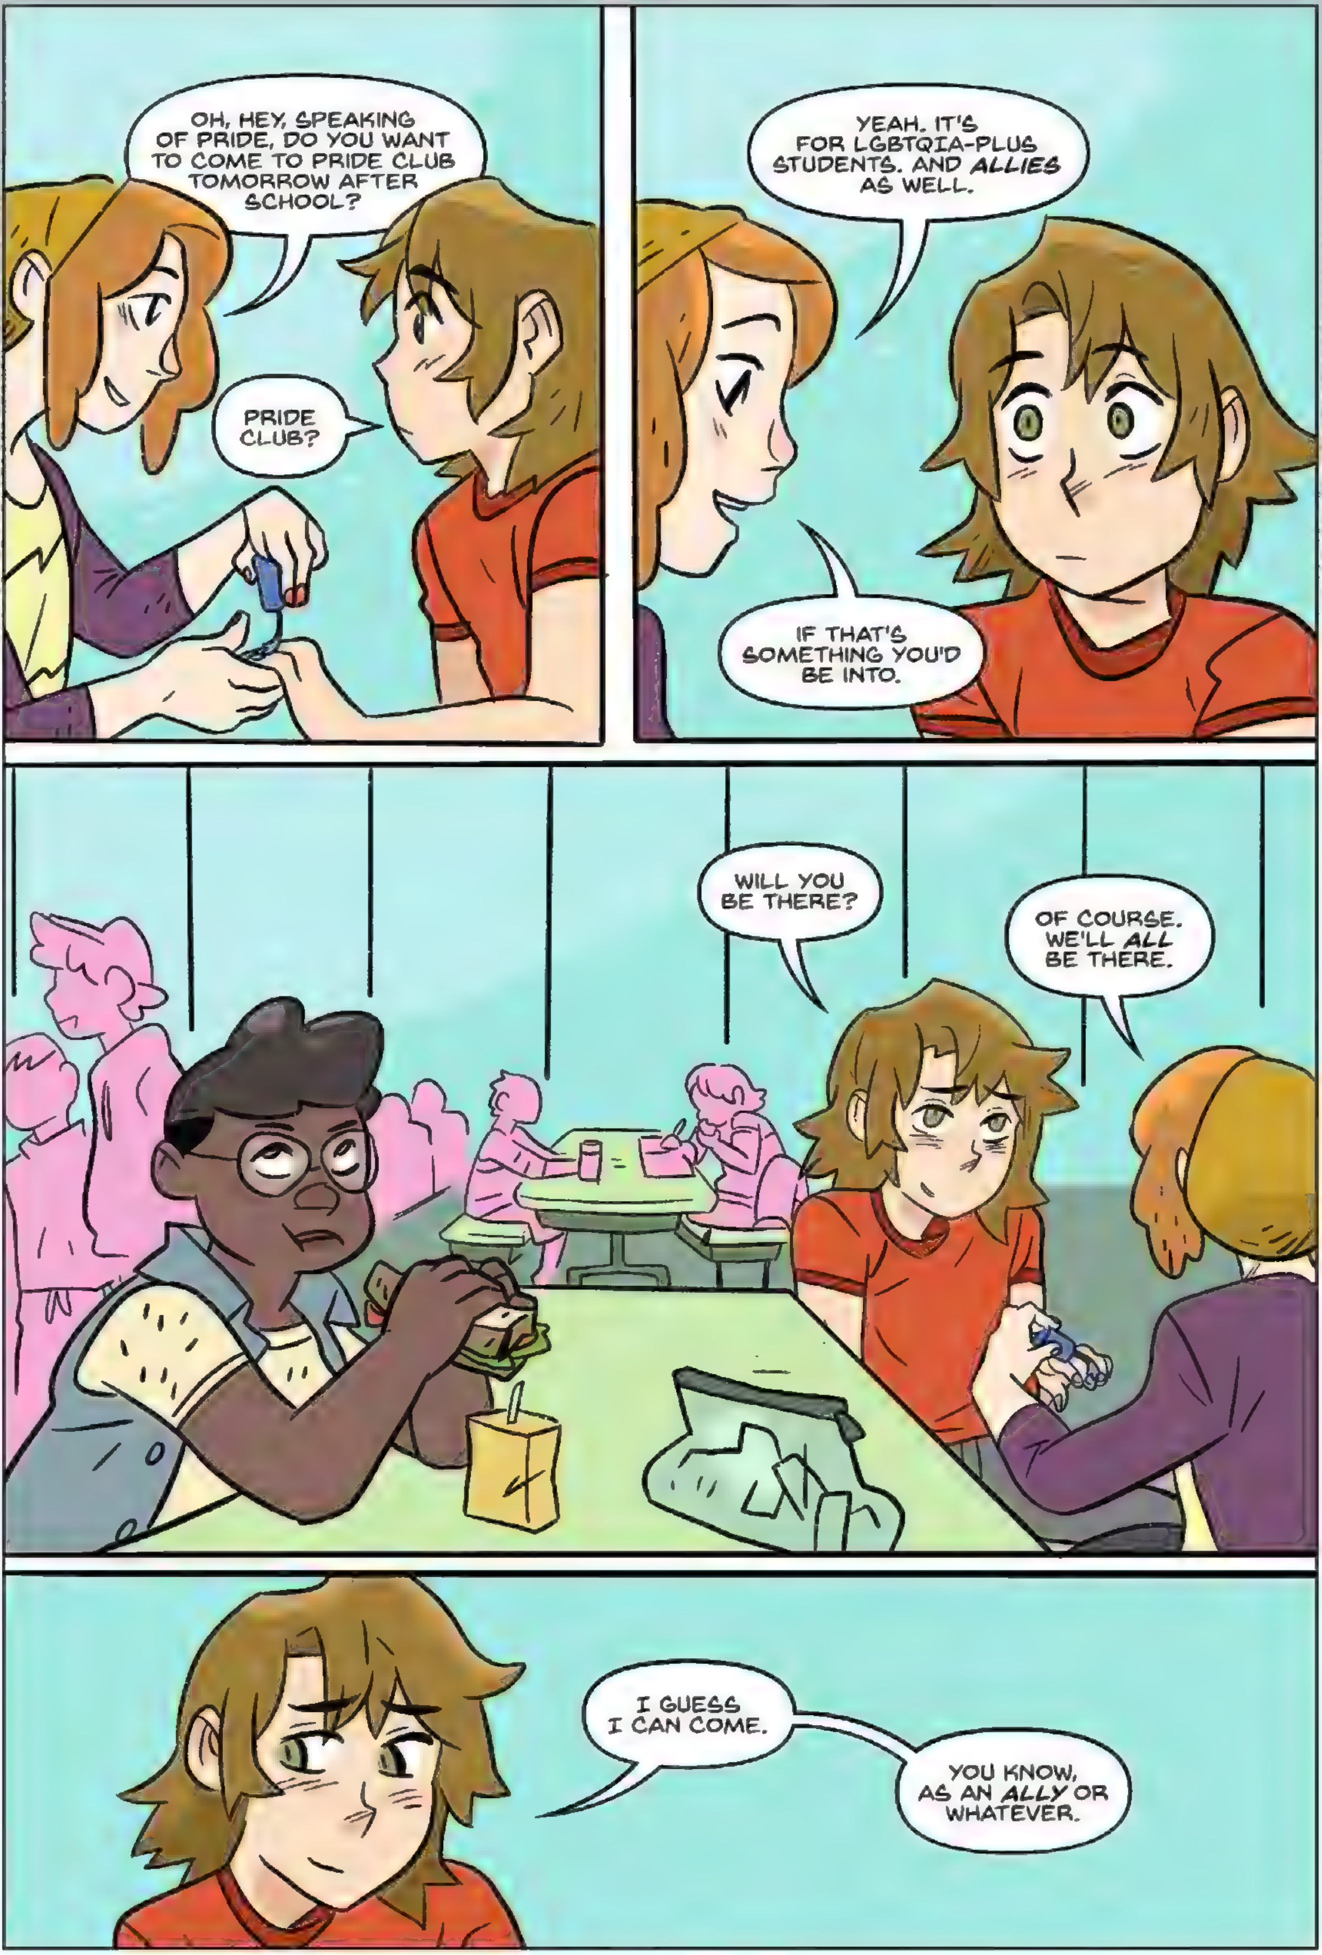
Girl Haven is the book I wish I'd had when I was in middle school. It tells the story of a young transgender girl coming to grips with her identity, but it does it in a fun and exciting way, in a world of noble warrior rabbits, spooky puppets, a town made of candy, and even a dangerous monster! The book is for anyone who loves a fantasy adventure, but it has a special message for young trans kids–that they are okay, that they are allowed to be who they are and also to be confused sometimes, and that they are worthy of love and friendship. I'm so grateful for Meaghan Carter as the artist on *Girl Haven*. She brings just the right blend of fun, excitement, and genuine emotion to Ash and her friends. And she draws amazing rabbits!

— Lilah

Meaghan Carter is an illustrator with a love for shonen fighting spirit and aggressive female leads. Since graduating in 2010, she's honed her work with anthologies and webcomics. She lives with her husband and 3 cats in Toronto.



WHAT COLOR DO YOU WANT, ASH?
HE WANTS *BLACK*. BOYS ONLY EVER WANT *BLACK*.
OOH, OR A *MANLY* COLOR LIKE "STEELY ARCTIC GRAY" OR "THUNDERHEAD GUNMETAL."
SEE IF THERE'S A COLOR THAT'S JUST CALLED "AGGRESSION."
I WAS JUST THINKING... BLUE?
MANLY BLUE.
BLUE IS *GREAT*.
YOU'RE NOT AFRAID THE OTHER BOYS ARE GOING TO TAKE AWAY YOUR *BOY CARD* IF THEY CATCH YOU WEARING NAIL POLISH?
I THOUGHT IT WOULD BE... COOL.
YEAH, I THINK YOU CAN PULL IT OFF.



OH, HEY, SPEAKING OF PRIDE, DO YOU WANT TO COME TO PRIDE CLUB TOMORROW AFTER SCHOOL?
PRIDE CLUB?
YEAH. IT'S FOR LGBTQIA-PLUS STUDENTS. AND *ALLIES* AS WELL.
IF THAT'S SOMETHING YOU'D BE INTO.
WILL YOU BE THERE?
OF COURSE. WE'LL *ALL* BE THERE.
I GUESS I CAN COME.
YOU KNOW, AS AN *ALLY* OR WHATEVER.

"This is a book that will make the entire outside world disappear: it has at least a whole world inside it, and it will take all of your attention and all of your emotions. [...] One Soul is magnificent and lovely and frightening and compelling and sorrowful and wonderful and, in the end, utterly, utterly transcendent."

Nominated for the 2012 Eisner Award in the "Graphic Album: New" category, *One Soul* is a powerful and life-affirming story about the way human beings all over the world are connected.

Aloysius Crumrin may be a warlock, but that doesn't mean he's sympathetic to others of his kind—especially when they step outside the bounds of Ravenna's Law. Working for lawyer and magic connoisseur Horace Crisp gives Aloysius the chance to track down these rogue witches and warlocks and strip them of their power. He just needs to keep his own magical ancestry—and powers—to himself. But he doesn't count on Alice Crisp, Horace's tenacious daughter, accompanying him on missions, or on trusting her with his secret. And he doesn't count on falling in love... which proves more dangerous than anything when Horace gets his own taste of the power magic wields.

Volume one: QUEST TO BE THE BEST

"[*Quincredible*] is a well-rounded work, with complex characterizations and a good story that understands that these aspects aren't separate from the political and social ones, but intertwined, bouncing off each other and fashioning a reality from all these factors." –*Comics Beat*

Espiritu's artwork with Fitzpatrick's colors craft a vibrant world that shows off the grandeur and splendor of New Orleans and the lives of its citizens. WELCOME TO
GLOOMHAVEN

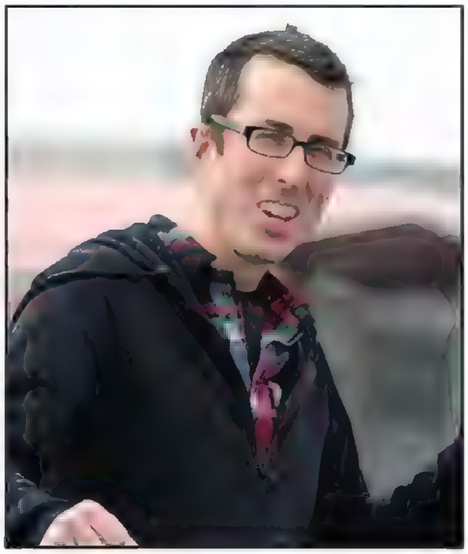
SOURCE POINT PRESS: *Gloomhaven*: *Fallen Lion* Interview with Isaac Childres



Isaac Childres loves board games. His path in life was leading him to become a physicist, but after earning his PhD, he changed direction and decided to devote himself to the design and publishing of board games for a living. He hasn't regretted that decision yet. Isaac is the one-man driving force behind Cephalofair Games. He started the company back in 2014 to self-publish his first game, *FORGE WAR*, and has been overseeing the design, development, writing, art direction, promotion, publishing, and fulfillment for all games ever since. This December, in cooperation with Source Point Press, Isaac is bringing his "magnum opus" *GLOOMHAVEN* (Cephalofair Games' second title from 2017) in an all-new graphic novel…

PREVIEWS: *Gloomhaven* was first released with Kickstarter and has built up a very loyal fanbase. The game is now sold all over the world, while the newest game in the series, *Frosthaven*, recently reached the record breaking $13 million raised with the help of 80,000 backers, so why did you feel that *Gloomhaven* comics was the next step?

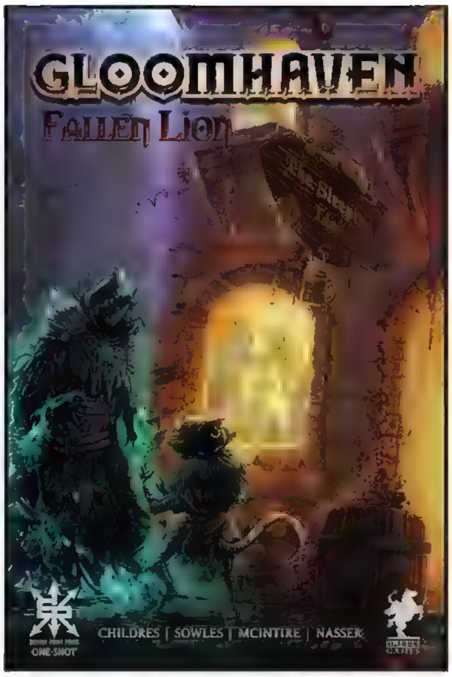
Isaac Childres: A lot of those backers are asking for more information on the world, and more stories in it, so this seemed like a great way to jump into the world a little more and tell a different, more visual story. Of course, we are looking into other media as well, but there's something about the punchy visual nature of comics that inspires the imagination, and I think it fits perfectly with our audience.

PREVIEWS: *Gloomhaven* is known for its deep and highly detailed world. How will *Gloomhaven* comics add depth and layers to the universe you've created?

Isaac Childres: This is our chance to tell a more visual story that isn't beholden to the mechanics of a board game, where we have to stop all the time and find excuses to have drawn-out dungeon battles. There's still going to be lots of fighting, of course, but the pacing of a comic and the art will allow us to inject a lot more flavor into the world. You'll get a much better idea of the city of Gloomhaven itself, as well as the characters and how they move and act in combat.

PREVIEWS: What has made *Gloomhaven* the standout fantasy-style setting?

Isaac Childres: I think the game has made more of a name for itself because of the game play mechanics, but the unique fantasy setting full of vibrant



characters doesn't hurt either. It was built from the ground up just based on what I think would be interesting and exciting to see in my own fantasy world — sentient rock people and intelligent bug swarms — and people have certainly responded positively to it.

PREVIEWS: In what ways was creating the storyline for a comic different from what you do for the games you create?

Isaac Childres: I think with a comic you can just solely focus on the story, which is nice. In the board game, the writing can get a little utilitarian, where the main focus is just, *"How do I get the characters from one battle to the next?"*

PREVIEWS: As a world builder, what other worlds inspire you?

Isaac Childres: I play a lot of video games, so a lot of my inspiration comes from that medium — specifically older fantasy RPG settings like *Phantasy Star*, *Final Fantasy*, or *Dragon Quest*. World-building for a game can be a lot more intense, especially when you want to give the player the freedom to wander around and experience an open world. If we want to talk books, I'm also a fan of *The Kingkiller Chronicles* by Patrick Rothfuss, which has excellent world-building. And what fantasy creator isn't inspired by J.R.R. Tolkien in some way or another?

PREVIEWS: What comics are you a fan of?

Isaac Childres: Well, I haven't gotten that deep into the scene yet, but I still enjoy classics like *The Dark Knight Returns* and *Watchmen*. And of course, I am excited to explore the world of comics further!

PREVIEWS: And last but not least, will we see more *Gloomhaven* comics? Will we explore the world of *Frosthaven*?

Isaac Childres: That is certainly a possibility. We'll see where this current story goes, and then find out from there!

TASCHEN

Star Wars exploded onto our cinema screens in 1977, and the world has not been the same since. Writer, director, and producer George Lucas created the modern monomyth of our time, one that resonates with the child in us all. He formed Industrial Light & Magic to develop cutting-edge special effects technology, which he combined with innovative editing techniques and a heightened sense of sound to give audiences a unique sensory cinematic experience. In this volume, Lucas narrates his own story, taking us through the making of the original trilogy and bringing fresh insights into the creation of a unique universe. Complete with script pages, production documents, concept art, storyboards, on-set photography, stills, and posters, this is the authoritative exploration of the original saga as told by its creator. Vince Colletta is perhaps the most prolific comic book inker ever, and certainly the most controversial. He jumped in at the last minute to rescue hundreds of comic books about to miss their printing deadline, often racing through the work of artists who fans say he should have worshiped. Join Stan Lee, Roy Thomas, Mark Evanier, and dozens of other comics pros as they recall the Vince Colletta they knew and worked with, and pull no punches in their praise and criticism of the most notorious inker in the history of the medium. DESPERATE PLEASURES GN

(W/A) M.S. Harkness

In M.S. Harkness' second graphic novel, she weaves in and out of non-relationships, drug dealing, and sex work with the subtlety of a blunt axe. She's constantly searching for care and fulfillment, but never quite gets it right. *Desperate Pleasures* is a fearless autobiographical account that contextualizes the inter-relational difficulties of a young woman with years of trauma and abuse. Uncomfortably close-up, filled with dark humor, this is an unrelenting read and M.S. Harkness' best work to date. MEDIEVALIST COMICS AND THE AMERICAN CENTURY SC

(W) Chris Bishop

The comic book has become an essential icon of the American Century, an era defined by optimism in the face of change. For many, the Middle Ages stand as an antithesis to these ideals, and yet medievalist comics have emerged and endured. Chris Bishop presents a history of medievalist comics, setting them against a greater backdrop of modern American history. Bishop surveys the medievalist comic, its stories, characters, settings, and themes drawn from the European Middle Ages. Bishop regards these comics as not merely happenchance, but each success or failure as a result and an indicator of certain American preoccupations amid a larger cultural context. (STL168834)

BERSERK: WITH DARKNESS INK HC

(W) Quentin "Alt 236" Boeton

Berserk is a manga which stands out for its rich, twisted and dark universe. It is a clever alchemy between the stories of *Elric of Melniboné*, Hieronymus Bosch's paintings, and Gustave Doré's engravings. This book reviews Berserk's story and all aspects of Kentaro Miura's life, the manga's author. It also deciphers the work's entire dark fantasy world. THE IMPACT OF AKIRA HC

(W) Remi Lopez

A global manga phenomenon in the early 1990s, *Akira* is a futuristic depiction with apocalyptic elements set in a Neo-Tokyo on the brink of civil war. Katsuhiro Otomo's work is a graphical and narrative treasure trove, confronting the revolutionary views of a disillusioned youth with the danger of scientific progress spiraling out of control. This book provides the social and historical context of Katsuhiro Otomo's manga, which is reflected in its themes, and is intended to help the Western reader get a better grasp of this major Japanese comic book's essence. DOCTOR WHO: DALEK & TARDIS COOKIE CUTTER SET

Hero Collector

EX-TERMI-BAKE! The official *Doctor Who Baking Sets* bring out-of-this-world treats within reach of even novice bakers! Comes with everything you'll need to create Gallifreyan goodies — just add ingredients!

TOY TALK: CHRIS THOMPSON

Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Hero Collector Brand Manager,* CHRIS THOMPSON...

PREVIEWS: Introduce yourself, what's your role at Hero Collector and how did you get involved in the collectibles industry?

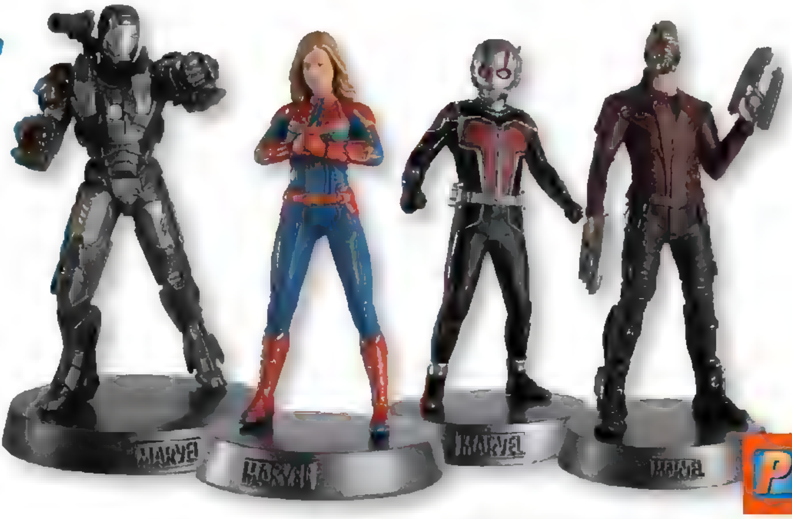
Chris Thompson: My name is Chris Thompson and I'm Brand Manager for Eaglemoss Hero Collector. Some retailers may remember our Marvel and DC Figurine Collections, but these days we do so much more – ranging from Star Trek and Doctor Who to Rick and Morty and WWE. As for me, I came from comics retail, and was a manager at Orbital Comics, the UK's only Eisner Award-winning comic shop. It had been my goal for us to win the award, so when it happened in 2016 I knew it was time to tackle something new. That led me into the publishing world as Brand Manager for Titan Comics, where I had the pleasure of working on various titles and getting some of my favorite creators to work with us. After a few years of that, I was approached by a recruiter who had been tasked with finding a Brand Manager for the relatively new Hero Collector brand. Although I enjoyed my work, it was nice to be sought out, and I could tell this would be an interesting move – especially with the direction Eaglemoss was taking.

PREVIEWS: It was recently announced that Hero Collector will be participating in the multimedia Doctor Who event, "Time Lord Victorious". How did that partnership come to be, and what kind of products can fans look forward to from Hero Collector?

Chris Thompson: *Time Lord Victorious* is a project that had been discussed at the BBC for years, so I'd been involved for a long time at Titan Comics. Although it didn't happen during my time there, it made sense to continue those discussions when I moved to Hero Collector and see what we could add to the project. Obviously, we had a reputation for bringing *Doctor Who* to life with our *Figurine Collection*, so the idea of adding some new characters to that was a no-brainer. Best of all, we could draw extra attention to the excellent work editor Neil Corry was doing on the figurines and the magazines that come with them — and we ended up with an original short story by TLV guru, James Goss, in each issue. Not only have we helped to bring the story to life, but we've become a part of the narrative as well.

PREVIEWS: With Wave One of the Marvel Heavyweights line about to drop, what can MCU fans look forward to with wave two and beyond?

Chris Thompson: As mentioned earlier, a lot of retailers will recall our classic Marvel line, but these new *Heavyweights* represent a fresh push into the U.S. market with a line of figurines based on the Marvel Cinematic Universe. Made from cast-metal, these detailed sculpts really live up to the "Heavyweights" name with a heft you can feel in the palm of your hand. Wave 1 just hit retail with *Captain America, Black Panther, Iron Man, Groot,* and *Spider-Man;* and we're launching Wave 2 in early 2021 with *Ant-Man, Captain Marvel, Star-Lord,* and *War Machine.*



PREVIEWS: One of Hero Collector's most popular lines of collectibles are the various scale model reproductions of iconic sci-fi ships from properties like Star Trek and Battlestar Galactica. What can ship collectors look forward to from this line in the coming months?

Chris Thompson: Outside of figurines, our sci-fi ships are easily the most popular thing we do. Our long-running *Star Trek Starships Collection* recently came to an end after 200 issues… but that's *far* from the end of our plans for the franchise! We're boldly continuing to go with the *Star Trek Online Collection*, as well as various other Specials and XL-sized ships. We're also continuing to produce starships based on *Star Trek: Discovery* – with Season 3 about to drop – and it would make sense to expect ships from the other new *Star Trek* series that are coming out. Meanwhile, *Battlestar Galactica* powers along, as does *Alien/Predator*, and the newly launched collection based on *The Orville*. If that weren't enough, we'll be taking our first foray into the worlds of Gerry and Sylvia Anderson with the *Eagle Transporter* from *Space: 1999* in early 2021 – and that's without counting the two fresh (and very exciting) new licenses we're about to announce shortly. I guess you could say our range is becoming quite expansive.

PREVIEWS: Finally, what are some of your favorite products that you've worked on during your time at Hero Collector?

Chris Thompson: Everything I've name-dropped so far has been a real pleasure for me, which is exactly why I've mentioned them. Continuing to work on *Doctor Who* has been a particular thrill, especially when it comes to *Time Lord Victorious*, but there's been so much crossover with my previous life. At Titan we were the UK distributors for *Rick and Morty*, and it's been nice to see them brought to life as high-quality figurines. Originally this line was only available in the UK and Europe, but I'm pleased to announce we have the go-ahead to bring them to the U.S. market, so keep an eye out for those shortly! We're also expanding into new product lines and ranges, so this quarter sees the release of our *Harry Potter Knitting Kits* and *Doctor Who Baking Sets* — not necessarily the *first* thing you'd think of when it comes to Hero Collector, but in these times of increased uncertainty, there's nothing better than knitting a fresh Ravenclaw scarf for winter or baking some Time Lord cookies! Of course, the most exciting thing is always going to be the next thing, so I can't wait to share more about what we're doing with the Bethesda Games line we announced earlier in the year… but sadly I'll have to keep that in the *vault* for now!

Find your Spy by listening and talking to attendees, but you have to remember that rival agents are there, trying to intercept the information by identifying your Spy before you do!

Spyfest is an exhilarating detective party game in which players split into 2 teams and take turns being the Spy. The goal of the Spy is to have their own team guess who they're dressed as – a memorable historical or fictional character – before the opposing team. In order to do this, the Spy and their team will use a special Keyword as well as their quick-wittedness, imagination, subtlety, and impressive talent for mingling.

In **Spyfest**, the most creative and ingenious team wins, so stay on your toes!

- Standalone spin-off of international smash hit *Spyfall* series
- 70+ highly detailed and hilarious illustrations
- 2 teams, up to 10 players

HARRY POTTER: STRIKE DICE GAME

Harry Potter Strike Dice Game combines elements of *Strike* and *Impact*, with players rolling dice into an arena to attempt to cast spells and win dice back from the arena. Each player starts with the same number of six-sided dice, and one die starts in the arena. On a turn, the active player rolls a die into the arena. If no die faces in the arena match, the player can end their turn or roll again; if the player rolls an X (or hits any dice that then show an X face as a result), those dice are removed from play; if two or more dice have matching non-X faces, then the player casts the spell matching the die face, then recovers those matching dice from the arena (unless the spell says to do something different). If you run out of dice, then you're out of the game! (STL169669) **Item has been previously solicited in New to Order.** (C: 1-1-2) **NOTE:** Available only within US; no US territories.

ZENDIKAR RISING

MAGIC THE GATHERING TCG: ZENDIKAR RISING

From Wizards of the Coast. Zendikar is a dangerous world of lethal risks and priceless rewards. From the perspective of its inhabitants, it is a hostile place that seems to be actively trying to kill the creatures that have the audacity to live there. The danger is unrelenting: precarious terrain, cunning predators, natural disasters on a massive scale, and the Roll — the unpredictable ripples of change that wash through the land — all present a constant challenge to survival. (STL169480) **Item has been previously solicited in New to Order.** (C: 1-1-2) **NOTE:** Available only within US and territories.
